

Monica Freeman
Director Rail Transportation
Ag Business and CHS Hedging

Monica Freeman joined CHS Inc. as Director of Rail Transportation in July 2022. In this role, she is responsible for rail capacity management and carrier engagement, rate negotiation, and private fleet procurement across the CHS rail network. Monica is focused on building upon the intrinsic value of rail transportation while spearheading process enhancement.

Previously, Monica was Sr. Transportation Manager for Nestle Purina Petcare where she managed bulk ingredient transport via rail and truck. Throughout her 20+ year transportation career, she has been an advocate for technology advancement, taking lead roles in integrations of SAPTM, 3rd party Rail TMS, Transporeon, and Breakthrough fuel.

Monica is a member of the Midwest Association of Rail Shippers (MARS) Executive Committee, The Fertilizer Institute Transportation Committee and the Surface Transportation Board Rail Energy Transportation Advisory Committee (RETAC). She recently joined the board of the CHS ERG CultivateHER.

Monica earned a Bachelor of Science from Indiana State University in Terre Haute, IN and a Master of Business Administration from Southern Illinois University, Edwardsville, IL.

Monica and her husband, Matt, have four kids and relocated to the Minneapolis suburbs from the St. Louis metro area.
