

Kristin Dixon

Manager, Rail Fleet and Services

eco-energy.com

Kristin Dixon is the Manager of Rail Fleet & Services at Eco-Energy, a low-carbon solutions platform. Kristin joined Eco-Energy in 2014 as a Human Resource Business Partner-Transportation & Distribution. She has since held various roles within the Transportation department and began focusing on rail management in 2018.

In her current role, Kristin is responsible for overseeing critical aspects of Eco-Energy's rail operations. In addition to providing rail services and fleet management to Eco-Energy's plant partners, her expertise also extends to railcar leasing and providing third-party logistics services.

Kristin studied business administration at the University of Maryland. She dedicates her time to several philanthropic causes, including Big Brothers Big Sisters of Middle Tennessee and various animal charities. She resides in Nashville, TN and enjoys spending time with her cats, Stringer Bell and Smokey.
