Brad Myers serves as the Executive Vice President and Chief Operating Officer of Amsted Digital Solutions, the technology division of Amsted Rail, the world's leading supplier of undercarriage systems and end-of-car energy management systems. With nearly 30 years in the freight rail industry, Brad has held various key positions within Amsted Rail, including Regional Sales Manager, Director of Business Development, Vice President of Marketing, Vice President of Sales, and Chief Commercial Officer, where he oversaw global sales operations.

Brad holds an undergraduate degree in Business Marketing and Management, and a master's degree in finance from Southern Methodist University.

Currently, Brad is dedicated to advancing Amsted Digital's onboard technology and driving the digitalization of freight cars globally, leveraging the support of Amsted Rail and the innovative team at Amsted Digital Solutions.
