

Jon Gabriel

Group Vice President, Consumer Products

BNSF Work History

Jon Gabriel serves as group vice president, Consumer Products. He is responsible for BNSF's domestic and international intermodal marketing and sales teams, as well as the automotive business.

Jon began his career at BNSF in Consumer Products Marketing in 2006. He then held several positions in Service Design. In 2012, Jon shifted to Transportation where he served in various leadership roles with increasing responsibility. In 2017, Jon was named general manager of the Montana Division before moving on to serve as general manager of the Northwest Division and later as general superintendent of BNSF's Network Operations Center in Fort Worth. Jon served as vice president, South Region before serving as vice president, Service Design and Network Strategy.

Education

- Bachelor's Degree in Economics, Oglethorpe University (Atlanta)
- Master of Business Administration, Texas Christian University
- Harvard School of Business Advanced Management Program

Affiliations/Community Involvement

- Leader of the PAC, RailPAC
- Executive Committee Board Member of the Belt Railway of Chicago, Houston Port Terminal Rail Association (PTRA) and The Terminal Railroad Association of St. Louis

Family/Hobbies

- Jon's father worked for Santa Fe/BNSF for 27 years, and Jon is continuing that railroading tradition.
- He and his wife, Stacia, reside in Fort Worth near TCU's campus and are active Horned Frog fans and advocates.

BNSF

BNSF Railway is one of North America's leading freight transportation companies operating on 32,500 route miles of track in 28 states and three Canadian provinces. BNSF is one of the top transporters of consumer goods, grain and agricultural products, low-sulfur coal, and industrial goods such as petroleum, chemicals, housing materials, food and beverages. BNSF's shipments help feed, clothe, supply, and power American homes and businesses every day. BNSF and its employees have developed one of the most technologically advanced and efficient railroads in the industry. We work continuously to improve the value of the safety, service, energy, and environmental benefits we provide to our customers and the communities we serve.
