

Thomas G. Williams

Group Vice President, Consumer Products

BNSF Work History

Tom G. Williams was named group vice president, Consumer Products in July 2017. In this role, Tom is responsible for BNSF's domestic and international intermodal marketing and sales, as well as the automotive business.

Tom previously served as vice president, Industrial Products, since November 2016. In this role, he was responsible for marketing and sales for chemicals, plastics and petroleum products.

Tom joined the former Santa Fe Railway Company in 1993 in Schaumburg, Ill. He held various positions in Intermodal Marketing, Automotive Marketing and Industrial Products Marketing prior to assuming the role of assistant vice president, Intermodal / Automotive Operations in the Service Design and Performance group at BNSF. In February 2014, Tom was promoted to vice president, Industrial Products Sales.

BNSF

BNSF Railway is one of North America's leading freight transportation companies operating on 32,500 route miles of track in 28 states, and also operates in three Canadian provinces. BNSF is one of the top transporters of consumer goods, grain and agricultural products, low-sulfur coal, and industrial goods such as petroleum, chemicals, housing materials, food and beverages. BNSF's shipments help feed, clothe, supply, and power American homes and businesses every day. BNSF and its employees have developed one of the most technologically advanced, and efficient railroads in the industry. We work continuously to improve the value of the safety, service, energy, and environmental benefits we provide to our customers and the communities we serve.
